Mansfield and District Hospital.

TO THE GOVERNORS, SUBSCRIBERS, AND FRIENDS
OF THE HOSPITAL.

Ladies and Gentlemen,

The Board of Management have pleasure in presenting their Annual Report.

BALANCE.

The year commenced with a balance in the hands of the Treasurer of £245 4s. 10d., which was increased during the year to £1,869 3s. 10d.

RECEIPTS.

It is pleasing to observe that many of the items of receipts show an increase on last year, notably Colliery Workmen £3,883 16s. 10d., Saturday Fund £106 15s. 5d., Colliery Owners £264 15s. 0d., and Approved Societies £188 13s. 5d. Many of the Collieries, where the Workmen's contributions were not up to normal in 1926, have made up the deficit. The amount received from Approved Societies (£800 2s. 7d.) is a very welcome addition to the funds of the Hospital.

EXPENDITURE.

Many of the items show a satisfactory decrease, which, in view of the fact that 198 more patients have been treated during the year, with an additional 1,224 days in Hospital, shows that strict supervision is being given to this side of the management of the Hospital, whilst at the same time nothing has been wanting to maintain the Institution in the high state of efficiency that the Board desire.

MATRON.

Miss M. H. Gammie, late Assistant Matron at Swansea Hospital, was appointed Matron in the place of Miss Murchison resigned.

RADIOGRAPHER.

The Board decided that it was essential that a full-time Radiographer should be employed, and Miss Finlayson, who was trained at Guys Hospital, received the appointment.

LAUNDRY.

A new Calendar has been purchased for the Laundry at a cost of £350, which will be transferred to the Laundry it is proposed to erect on the site of the Isolation block.

ENCLOSURE OF WARD VERANDAHS.

The Verandah attached to K.E. 1 Ward has been enclosed, increasing the accommodation by nine beds, and the Board decided to enclose the Accident Ward Verandah, and that work is nearly completed. This will give accommodation for a further nine beds, thus making the total beds in the Hospital 130.

HOUSES, ASHFIELD AVENUE.

Two Houses have been purchased in Ashfield Avenue for the purpose of providing accommodation for Nurses.

DEATH OF MR. C. F. ELLIOT SMITH.

It is with sincere regret that the Board have to record the death of Mr. Elliot Smith, who was one of the oldest members of the Board and one who always took an active interest in all the affairs of the Hospital.

ANNUAL SERVICE.

The President suggested the holding of two Services, which met with the hearty co-operation of the Board of Management. One of the Services was held in the Bridge Street Wesleyan Church on Sunday, the 9th October, at which the preacher was the Rev. T. Ferrier Hulme, M.A., LL.D., and the other in the Parish Church, on Wednesday, the 12th October, the preacher on this occasion being the Rt. Rev. the Bishop of Southwell. Both the Services were well attended, and the gross collections amounted to £216 13s. 8d.

PROPOSED EXTENSIONS.

In addition to the contributions already announced towards the cost of the proposed extensions, the following sums have been promised, viz. :—Shirebrook Colliery Co., Ltd., £1,000 (of which £500 has been received); Staveley Coal & Iron Co., Ltd., £1,000; and the Ramcroft Colliery Co., Ltd., £50 (paid). It is proposed to proceed very shortly with the erection of the new Laundry, and as this, with the cost of the new work already carried out, will exhaust the amounts promised, it is hoped that many of the Colliery Companies who have not already subscribed will do so and thus enable the much needed extensions to be undertaken without further delay.

ENDOWMENT ACCOUNT.

The Endowment Account now stands at the sum of £7,133 4s. 10d.

LINEN GUILD.

The Linen Guild has again been very successful : 254 articles and the sum of £306 8s. 0d. were collected. As a result of the work of the Guild 571 articles were made from Guild funds, and 108 pairs of blankets, 48 quilts, and 48 toilet runners were bought. As will be seen, this means a very considerable saving to the funds of the Hospital. In addition, a further sum of £100 has been set aside for the purchase of Linen, &c., for the new Wards.

X-RAY APPARATUS.

The work in this Department continues to be very extensive, 2,693 cases having been dealt with during the year, entailing the use of 6,024 films. The apparatus continues to give every satisfaction, and an increasing number of patients are receiving treatment for various medical conditions.

SUN-RAY.

The Sun-Ray Apparatus is in constant use, and 6,885 treatments have been given with considerable benefit to the patients.

ELECTRICAL DEPARTMENT.

This Department continues its usefulness. During the year 1,031 patients have been treated, 381 of whom were discharged cured, 393 relieved, 22 remained in *statu quo*, 8 were transferred to other Hospitals, and 235 were still receiving treatment at the end of the year. The number of attendances was 18,571, and the treatments were divided as follows :—Massage, 15,926; Electric, 9,806.

EGG DAY.

The Annual Egg Day resulted in 14,000 eggs being collected, and these, together with those from our own hens, have been sufficient to supply the needs of the Hospital.

THANKS.

The Board desire to express their thanks to all those who have by their gifts and in other ways assisted in carrying on the work of the Hospital, and especially to His Grace the Duke of Portland for his continued support.

PATIENTS.

The average daily number of patients during the year was 93·2.

The average duration of each patient in the Hospital was 19·3 days.

The number of Patients admitted to the Hospital has been 1,761—34,039 days.

GILBERT I. WILSON,

B.A., B.M., B.Ch. (Oxon.).

Report of the Ophthalmic Department.

The Department was open on 51 Wednesdays. Patients are asked to attend at 9 a.m. The record of new cases and of attendances is one of increase.

The patients attending numbered 575, and the total attendances made were 1,494. Many serious and urgent cases of eye injury from this Department have been seen and admitted to the Wards at Nottingham Eye Infirmary under my care. All less urgent and less serious cases can be taken in hand and kept under observation by weekly or less frequent attendances at Mansfield, this effecting a very great saving to the patients in train or bus fares. Some use is being made of other departments in connection with eye-cases, e.g., many cases of phlyctenular ophthalmia are referred for radical treatment of tonsils and adenoids; ultra-violet ray therapy also is being found of great value in certain eye conditions associated with debility.

The work of Miss Wood, my refraction assistant, who has attended 40 times, is invaluable, saving much time and adding greatly to the thoroughness with which cases can be investigated.

A. CHRISTIE REID, M.D.,
D.O. (Oxon).

13, Wellington Circus,
Nottingham.

Report of Dental Department.

During the year 401 patients brought Dental Recommendations. Of these 14 failed to attend, the remaining 387 received treatment. There were 22 cases from the Wards and Staff, and four cases of fractures in addition, making a total of 413 patients treated.

The accommodation is still very limited, and if it were not for treating a number of the cases at my surgery it would be impossible to cope with the number of recommendations issued.

It should be noted that many insured persons are entitled to Dental Benefits under the Additional Benefits Schemes of the Approved Societies. These Benefits are not intended to be administered by Voluntary Hospitals, and Dental Recommendations are not necessary in these cases, but advice can be given as to how to obtain these Benefits.

G. H. HICKMAN, L.D.S.,
Hon. Dental Surgeon.

FORMS OF BEQUEST.

The following Forms are inserted for the guidance of persons disposed to contribute to the support of the Hospital by their Wills :—

Where Money, Stocks, or Securities are concerned—

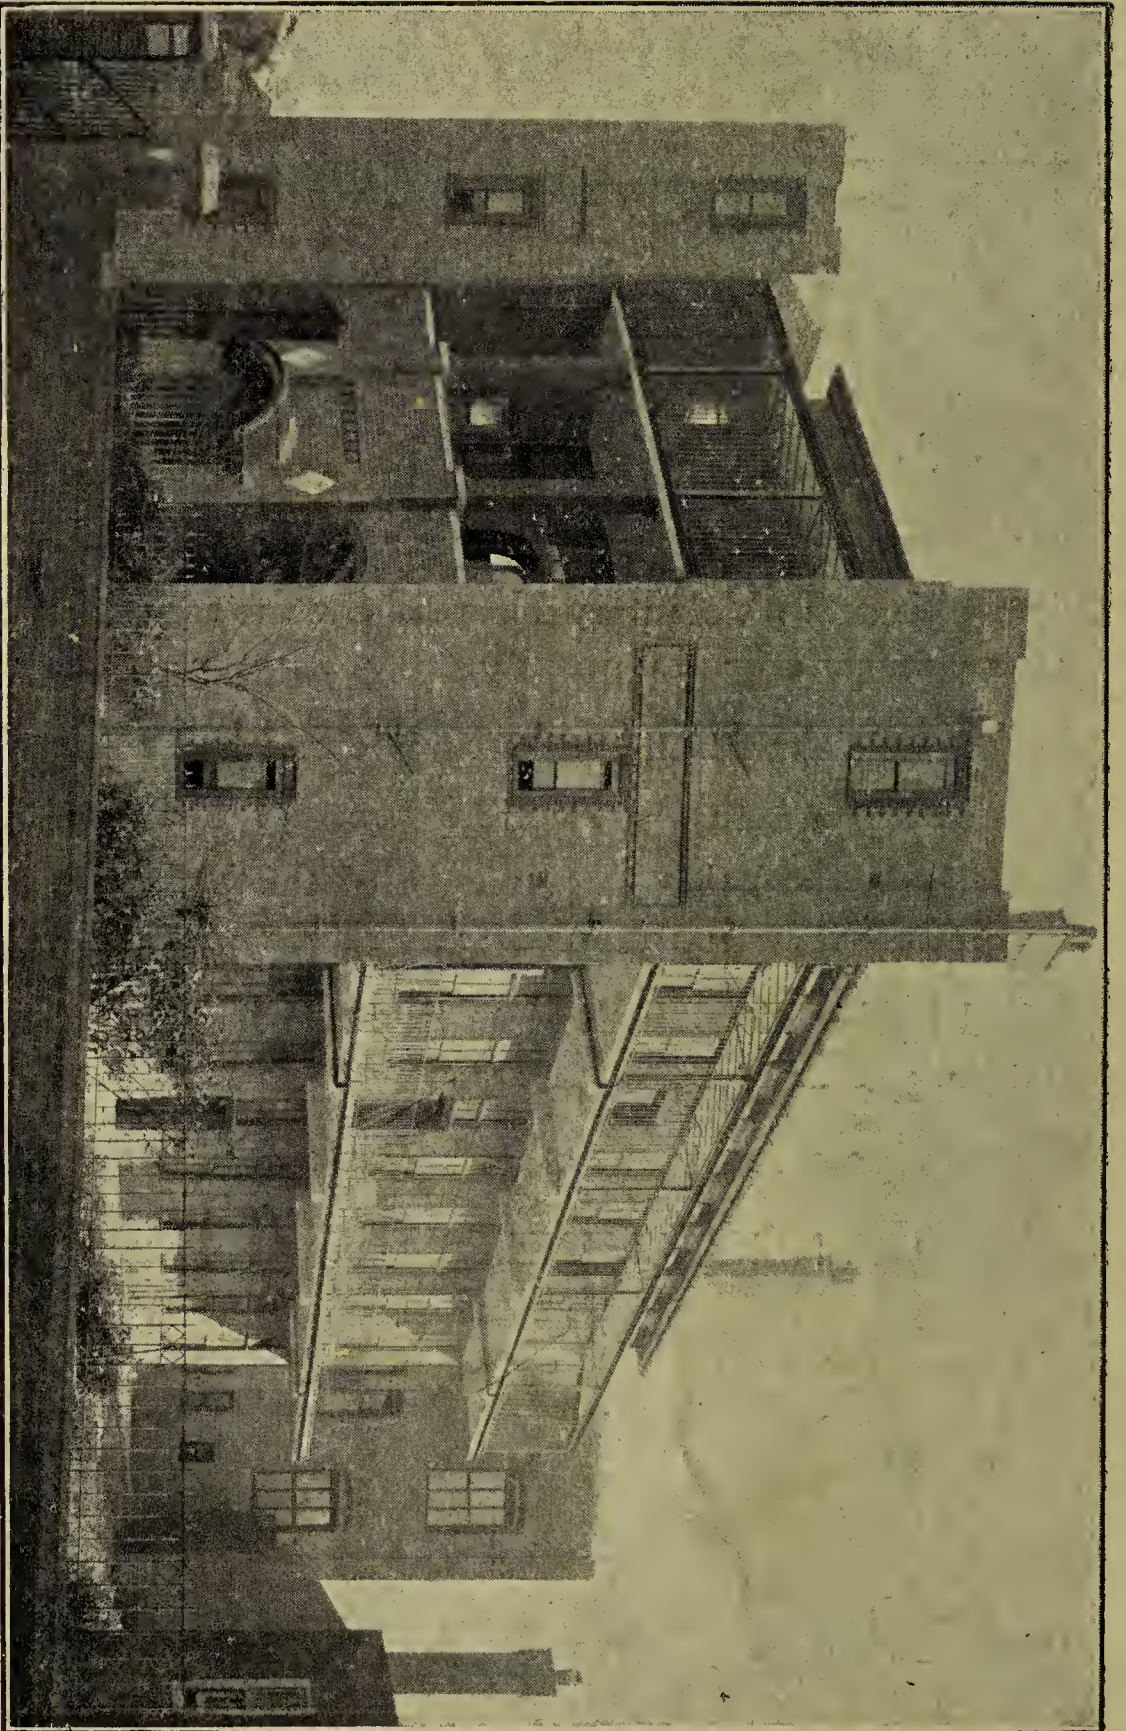

“ I give and bequeath to the Mansfield and District Hospital, to be applied to the general purposes of the Institution the sum of £— free from Legacy Duty and all other deductions and direct the same to be raised out of such part of my personal estate as may be lawfully bequeathed to Charitable purposes. And I further direct that the receipt of the Secretary for the time being of the said Institution shall be sufficient discharge for the Legacy.”

Where Land or Houses are concerned—

“ I give and devise unto the Trustees for the time being of the Mansfield and District Hospital, all those lands, houses, and hereditaments known as (here describe them by situation, boundaries, extent and occupation as nearly as possible) for the benefit of the said Institution.”

“ It is impossible nowadays for any person to argue any longer, as has been so frequently argued in the past, viz. :—That the Voluntary Hospital System is justified and should be maintained, because under this System a vast amount of sickness and suffering is cured and relieved, at little or no cost to the Public Purse. I think it should rather be argued that the strength of the Voluntary Hospital System and the real justification for its continuance, should be based upon the fact that this immense volume of work is carried out *more efficiently and more economically* than it can be by any other known method or system.”
